AMENDMENT

Sir:

This paper is herewith filed in response to the Decision of the Board of Patent Appeals and Interferences decided on 28 December 2006 for the above-captioned U.S. Patent Application. It is believed that no petition or fee for an extension of time is required. However, should the undersigned attorney be mistaken, please consider this a petition for any extension of time that may be required to maintain the pendency of this Patent Application, and charge deposit account no.: 50-0616 for any required fee deficiency.

Please amend the application as shown on the following sheets. The following amendment was first proposed in an after-final Amendment paper dated 5 March 2002. However, the Examiner chose not to enter that amendment. In the Decision, the Board stated that the Applicants may now request entry of the amendment proposed on 5 March 2002. Consequently, this paper requests entry of the amendment proposed in the after-final Amendment dated 5 March 2002.
